

Council District 6

Melissa Cabello Havrda

Dear Neighbors,

National Night Out 2019 is in the books! On Tuesday, the District 6 Team joined 26 neighborhood and community celebrations across our district. Community celebrations like National Night Out serve as a powerful reminder of the beauty and diversity of the District 6 community. Thank you to all the neighborhoods that allowed my team and me to be a part of your gatherings. We can't wait to join more of you next year!

Check out photos from National Night Out 2019 [here](#).

[Traffic Congestion and VIA Reimagined](#)

District 6 residents continue to face worsening traffic congestion around major corridors in our community. That's why the District 6 Staff and I met with VIA Metropolitan Transit last week to discuss the upcoming VIA Reimagined initiative. The VIA Reimagined plan will consist of three key elements: **(1) A Better Bus System, (2) Advanced Rapid Transit, and (3) Smart Transit.** The VIA Reimagined plan is based on the VIA Vision 2040 planning process which includes input from VIA's partner organizations, the City of San Antonio and Bexar County, and hundreds of community meetings and gatherings across the San Antonio region.

Over the next several months, VIA will be holding community information sessions to talk more about VIA Reimagined and what comes next to address mobility in our community. The nearest sessions for District 6 residents will be held at the following dates and locations:

Thursday, October 10, 2019

Ingram Transit Center
3515 Northwestern
San Antonio, TX 78238

Monday, October 21, 2019

Port San Antonio
907 Billy Mitchell Blvd. Ste. 110
San Antonio, TX 78226

The District 6 Team and I are committed to finding solutions to our traffic problems in the district. To do so, we'll need to make smart investments in multimodal transportation options that will allow residents to spend less time traveling and more time to live, work, and play. I fully believe that VIA will be part of that solution and I hope you do too!

Yours in service,

Melissa Cabello Havrda
Councilwoman, District 6

City Council District 6 Distinguished Citizen Award

On Friday, October 4th, Councilwoman Melissa Cabello Havrda presented the City Council District 6 Distinguished Citizen Award to the family of Lynne T. Dean.

Lynne T. Dean, CFRE, was a Director of Institutional Advancement at Northwest Vista College and Managing Associate of Dean and Associates.

At Northwest Vista College for nine years, she worked on building relationships with donors and prospects, connecting with the community and

making a difference in the lives of students. She was a leader in the San Antonio fundraising community for years, culminating in the Presidency of the Association of Fundraising Professionals in 2018.

She and her full-service consulting firm, Dean and Associates, worked with nonprofits to help them transform passion and mission into extraordinary community impact. She provided counsel in strategic and campaign planning and execution, board development, board and volunteer training, marketing and community relations and general management and fundraising services.

Lynne Dean is survived by her husband of 42 years, Robert Dean, her son Eric Dean, daughter Kristin Dean, and five grandchildren.

Council Committee Meetings

The District 6 Office has heard from many residents about the need to bring greater transparency to local government. While Council A and B Sessions have historically been broadcast on public access television and online at TVSA, the City of San Antonio has started broadcasting Council Committee Meetings and some Boards and Commissions Meetings.

Back in July, Mayor Nirenberg appointed Councilwoman Cabello Havrda to seven Council Committees including the Public Safety, Transportation and Mobility, Inter-Governmental Relations, Economic and Workforce Development, Innovation and Technology, Investments, and Municipal Court Committees. Below you'll find the calendar of Councilwoman Cabello Havrda's committee meetings for the next month. We hope you'll tune in!

SASpeakUp Survey: Housing Tax Credits

According to San Antonio's Housing Policy Framework, half of all renters in the city spend more than a third of their income on rent. This means that families have less money left over for basic needs like food, transportation, healthcare, and quality of life.

The Housing Tax Credit (HTC) program helps build and preserve affordable housing all over the United States. Since 1986, the program has helped build affordable apartments for about 700,000 households in Texas. The City expects HTCs to fund more than 70% of all affordable apartments in San Antonio.

To receive HTCs, developers apply to the State. They need a letter of

support from the City where they want to build. The City of San Antonio is updating our criteria for letters of support.

The survey will be open on the SASpeakUp website from September 25th through October 11th. To take the survey, click the button below.

SASpeakUp Survey: Highway 151 and Loop 1604 Area Regional Center Plan

The City of San Antonio's Planning Department is gathering community feedback to improve the draft recommendations that have been developed related to land use, housing strategies, and economic development strategies for the Highway 151 & Loop 1604 Area Regional Center Plan. The Planning Department is also requesting input related to mobility in the Plan area.

The Plan will guide development and City decisions and investments over the next 10 years. To learn more about the Highway 151 & Loop 1604 Area Regional Center Plan, please visit: <https://highway151.sacompplan.com/>

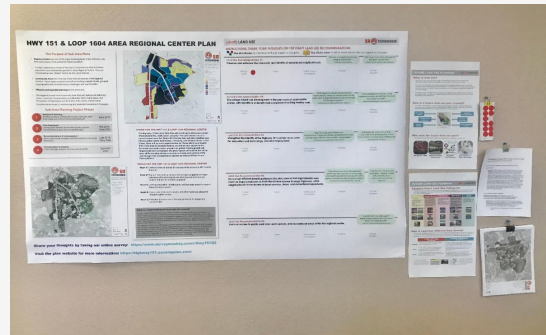

The content of the Plan will address the following topics:

- Economic Development
- Housing
- Infrastructure and Public Space
- Land Use and Development
- Neighborhood Priorities
- Parks and Trails
- Transformative Projects

- Transportation

The survey will be open on the SASpeakUp website from September 16th through November 1st. To take the survey, click the button below.

November 12: Deadline to Apply for FY2020 Pre-Qualified List for Department of Arts and Culture

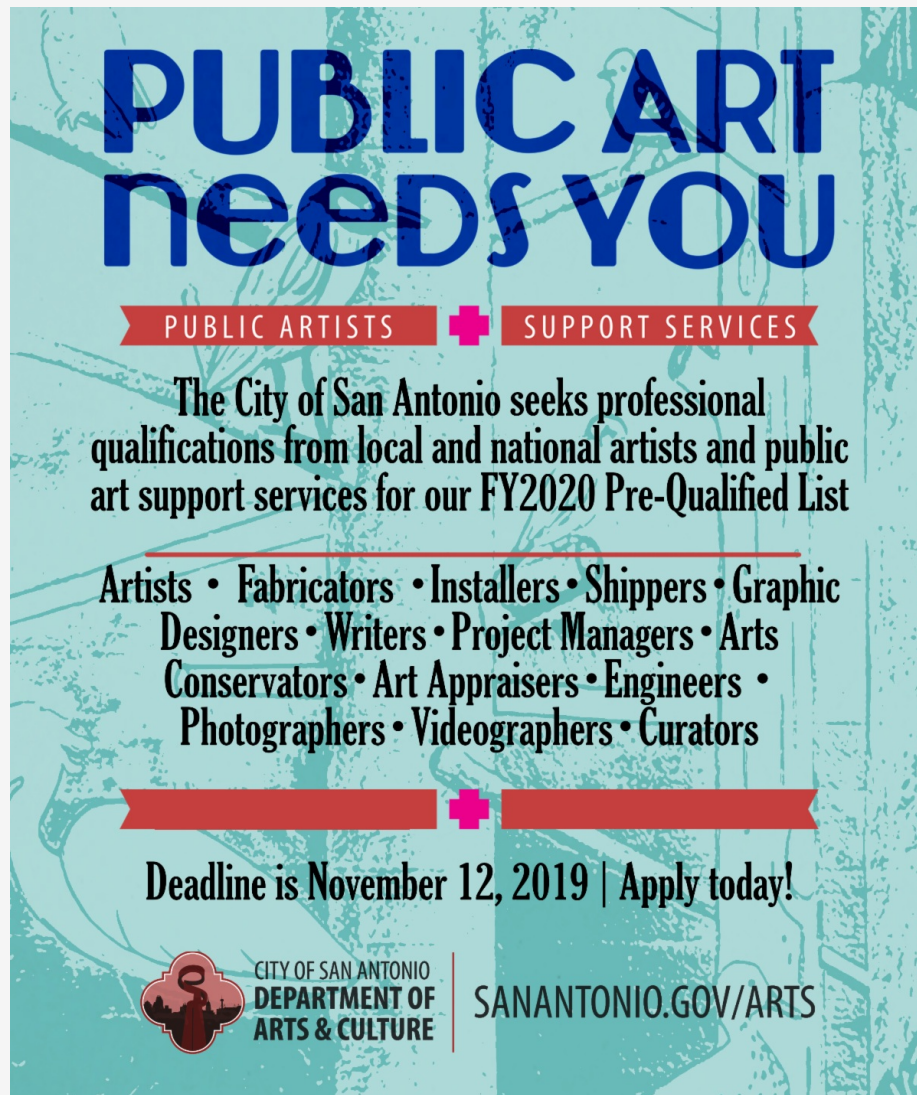

The Department of Arts and Culture is inviting artists and art support service providers to apply to be on the FY2020 Pre-Qualified List to be considered for potential opportunities with the department in the future.

While being included on the list does not guarantee work, it provides local artists the opportunity to be selected for future art projects through the City of San Antonio's Department of Arts and Culture.

A Pre-Submittal Workshop will include an overview of the FY2020 Call for Public Art Qualifications and will be held on Tuesday, October 29, 2019 at Centro de Artes (101 S. Santa Rosa Ave, San Antonio, TX 78207) at

6:00pm.

Applications will be accepted until November 12, 2019 at 4:30pm (CST) and can be accessed [here](#).

Below it, two red banners with white text read 'PUBLIC ARTISTS' and 'SUPPORT SERVICES', separated by a red plus sign. The text 'The City of San Antonio seeks professional qualifications from local and national artists and public art support services for our FY2020 Pre-Qualified List' is centered. Below this, a list of professions is separated by a red line: 'Artists • Fabricators • Installers • Shippers • Graphic Designers • Writers • Project Managers • Arts Conservators • Art Appraisers • Engineers • Photographers • Videographers • Curators'. Another red banner with a plus sign is below the list. The text 'Deadline is November 12, 2019 | Apply today!' is centered. At the bottom left is the City of San Antonio Department of Arts & Culture logo, and at the bottom right is the website 'SANANTONIO.GOV/ARTS'.

CITY NEWS FOR YOU

City of San Antonio Launches New Domestic Violence Awareness Campaign

LOVE IS
AMOR ES

In recognition of Domestic Violence Awareness Month, the City of San Antonio launched a public education campaign entitled “Love Is...” the campaign invites residents to identify healthy relationship behaviors, and seek help if they or a loved one is experiencing abuse.

“We have heard loud and clear from advocates and community members that people don’t know where to go for help, and may not recognize abusive behaviors until things have gone too far. Sometimes, abusive behaviors are explained away as part of love. This campaign helps us all to focus on what love should look like: safe, healthy, and supportive,” said Mayor Ron Nirenberg

As part of an ongoing comprehensive plan to address domestic violence, the City’s new campaign highlights what healthy behaviors are and what the signs of abusive relationships can be. The initial PSA features several City Council members and Mayor Nirenberg. The community is invited to participate in filming segments for the campaign at the McNay Second Thursday event, October 10 from 6 – 9 PM.

In addition to the campaign, the City of San Antonio implemented a new employee Administrative Directive that provides support and guidance for City of San Antonio (COSA) employees who may be experiencing domestic violence. COSA Human Resources, in collaboration with SAPD, Metro Health, and community partners, is offering two employee workshops October 15th and 28th to support the implementation of the AD. Employees will be educated about the cycle of abuse, sources of support, and ways to help a coworker who may disclose an abusive relationship.

“As one of the region’s largest employers, we want to lead by example. Stopping domestic violence won’t come through one effort or program, but through a coordinated approach that includes prevention, support and intervention,” said City Manager Walsh. “We hope other major employers will look at their policies and see what role they can take in supporting employees who may be experiencing domestic abuse.”

The City of San Antonio is coordinating closely with Bexar County and community partners through the newly formed Collaborative Commission on

Domestic Violence (CCDV). The CCDV is the first coordinated, community effort to address domestic violence in San Antonio and Bexar County. According to the Center's for Disease Control and Prevention and the World Health Organization, coordinated community approaches have the best chance of reducing domestic violence in communities that fully invest in the model.

“The San Antonio Police Department has developed many innovative programs to provide support and training to our officers and expand our capacity to respond quickly and compassionately to survivors. By the time police are called, there are many places where early intervention could have changed the future for a survivor. We are all believers in stopping violence before it starts,” said Police Chief William McManus.

The San Antonio Police Department, Department of Human Services, and Metro Health have been working closely together to identify new opportunities for collaboration and build on the unique expertise of each department.

Mayor Nirenberg presented a proclamation in acknowledgment of Domestic Violence Awareness Month and the new Domestic Violence Awareness campaign at a news conference on Wednesday. A link to the new public service announcement is [here](#).
